

Dear Parent,

We appreciate your interest in our school. We have chosen to provide our children with a strong spiritual environment and strive for high academic excellence. In order to maintain this, we ask that all students attending our school abstain from watching television, movies, and/or videos, whether at school or after hours. It is a requirement that all parents of students attending our school must attend a minimum of one church service weekly of one of our congregations. Before enrolling your child, we encourage you to read our handbook to ensure you and your child are prepared to adhere to all school rules and policies. Our teachers teach all subject matter from a biblical perspective. Your lifestyle will need to support and encourage our beliefs in order to prevent conflict between you, your child, and the staff. We look forward to sharing a wonderful educational experience with you in the future.
